Impact Report 2025

Making Connections, Providing Choice & Cultivating Hope

200 N Magnolia Street, Crowley | 817-297-6400 | www.crowleyhouseofhope.org

LETTER FROM THE DIRECTOR

What is impact? Simply put, it is the meaningful, lasting change or positive difference an organization makes in the lives of people or in a community.

Impact can be measured in two ways: through numbers and through stories. In the following pages, you'll see the impressive results of Crowley House of Hope's work in 2025. These numbers are important, but so are the stories behind them. What changes have we made in people's lives, both expected and unexpected? What stories can we share about the difference we've made for those we serve?

As you read, I hope you feel encouraged and inspired by what Crowley House of Hope has accomplished. Thank you for your interest, for taking the time to look through this report, and for considering how you might join us in 2026 to make an even bigger difference in Crowley and beyond.

Elizabeth Becker
Executive Director

Crowley House of Hope is a wonderful organization and will keep spreading hope and doing good work. As I say goodbye, I look forward to all the good things still to come.
